BAPTIST JOURNAL TO PUBLISH HERE

CONSOLIDATION OF RELIGIOUS
PUBLICATIONS EFFECTED
EMBRACES FOUR
PAPERS.

HAS 75,000 PATRONS

New Paper in Interest of Religion.
Not For Money.

The above headlines is a replica of
those appearing in Thursday's Okla-
homan reporting the removal of the
Oklahoma Baptist Journal from Ada
to Oklahoma City and the article be-
low is a replica of the article by the
Oklahoman reporting such transac-
tion.

Under the terms of a deal con-
summated yesterday, Oklahoma City
is to be the home of the only state
Baptist publication in Oklahoma and
one of the greatest religious jour-
nals in the Southwest. Four Baptist
publications were consolidated, leav-
ing the field clear for the one paper,
the State Baptist Journal. The re-
maining papers involved in the con-
solidation were the Gospel News, for-
merly published at Mangum; the
Sunday School Evangel of Muskogee,
and the Western Baptist Herald,
which was recently moved here from
Anadarko.

Editor a Pastor.

The Rev. J. P. Brooks, a former
newspaper man at Glasgow, Ky., has
resigned the pastorate of the Baptist
church at Anadarko, to accept the
editorship of the Journal.

The State Baptist Journal was
moved here from Ada sometime ago.
Two and a half years ago the paper
was founded by Judge Henry M.
Furman, E. D. Cameron, Carleton
Weaver and Otis Weaver, being print-
ed on the latter's presses at the Ada
News office. D. H. Austin was its ed-
itor.

The Journal is controlled by a com-
pany of which the following are di-
rectors: Henry M. Furman, of Ada;
E. D. Cameron, of Guthrie; Carleton
Weaver of Ada; O. N. Diehr of Ana-
darko; W. L. Brandon of Comanche,
and J. P. Brooks of Anadarko.

Has Large Clientele.

"This will make the State Baptist
Journal the only state paper pub-
lished under Baptist patronage in
Oklahoma," said Otis Weaver last
night. "Inasmuch as there are more
than 75,000 communicants of the Bat-
tist faith in Oklahoma we expect to
see the paper become a power in
religious journalism in the South-
west. It is likely the Baptist state
convention, which meets at Chick-
asha in November, will take some
action regarding the Journal. It is
run primarily in the interest of the
church and not as a money maker."
The "National Baptist Flag," pub-
lished in Oklahoma City by the Rev.
D. B. Ray, suspended publication
some time ago.

CROPS ALMOST GATHERED.

Yield Greater than Believed at First
—Farmers not Badly Hurt.

From inquiries made of farmers
from different portions of the county,
it is learned that the bulk of the
crops are gathered, and that while
the yield is not near so large as
in former years, it is much better
than it was thought to be a month
ago. In some places almost a half
crop of cotton will be gathered,
while in other sections a fourth of
a crop will be all that is expected
to be harvested.

The corn crop is considerable un-
der that of last year, and while there
will not be so much gathered the
price is considerable above that of
years when a full crop is made,
thereby putting about as much money
in the hands of the producer as if
an abundant yield had been secured.
Cotton and cottonseed are bring-
ing the highest prices in the history
of the city, putting more money in
the hands of the producers than in
former years. According to govern-
ment reports the farmers of Okla-
homa will receive \$500,000 more this
year for cotton than was received for
the large yield of last year.

For some time past the price has
been thirteen or more cents for cot-
ton, while twenty-eight dollars a ton
has been paid for seed—the highest
price ever known for seed. These
high prices have caused some to
market their products as fast as
gathered, while others, anticipating
a much higher price, are holding.
It is pretty generally believed by
cotton men that before the season
is over that buyers in Ada will pay
fifteen or more cents.

With these prices prevailing our
people are not nearly so badly hurt
by the drouth as they have forced
themselves to believe.

FRISCO GETS M. K. & T. RY.

A. A. ALLEN OF ST. LOUIS IS TO
BE NEW PRESIDENT.

OPERATED AS AN
INDEPENDENT LINE

Being Parallel to Rock Island Can-
not Be Absorbed By That
System.

New York, Oct. 15.—Edwin Haw-
ley, B. F. Yoakum, chairman of the
executive committee of the Rock Is-
land-Frisco lines, and James S. Spey-
er, the New York banker, have ob-
tained control of the Missouri, Kan-
sas & Texas railway, according to
the Tribune today.

Under the new regime it is said
A. A. Allen of St. Louis, vice-presi-
dent and general manager of the
road, will be elected to succeed A.
H. Joline as president. The road will
continue to be operated as an inde-
pendent line, although it will be un-
der the joint control of the Rock
Island, the Hawley System.

The Missouri, Kansas & Texas,
generally referred to as the Katy,
extends over a total of 3,072 miles,
running from Kansas City and St.
Louis, through Missouri, Kansas Ok-
lahoma and Texas, to the gulf at
Galveston and also has branches to
Shreveport and to San Antonio.

The change in the control of the
road has been talked of for some
time and reflected in the market.
The common stock of the road was
heavily dealt in yesterday, showing
an advance of 11-2 points during
the day. Being parallel to the Rock
Island system, it cannot be absorbed
by this system because of federal leg-
islation against such a merger, but
it will afford the Hawley system a
direct connection with the gulf from
St. Louis and Kansas City. It is the
last of the so-called north and south
roads to pass under the control of
larger systems.

For years the control of the Katy
stock has been held abroad, princi-
pally in Holland and England, and
James Speyer has voted the extensive

OKLAHOMA LEADS ATTACK ON PULLMAN CAR RATES

Kansas Railroad Commission Makes
Firm Demand on Corporation.

Topeka, Kans., Oct. 15.—The state
board of railroad commissioners to-
day sent a written demand to the
legal department of the Pullman Car
company that the same rates be
granted in Kansas as have been
granted in Oklahoma.

The Pullman company is given 30
days to comply and suit is threaten-
ed if no action is taken within that
time. The present maximum in Kan-
sas is \$3 and in Oklahoma is \$1.50 a
half cent a mile a day seat rate, with
a minimum charge of 25 cents. The
demand is based solely on the
grounds of discrimination.

Hon. B. H. Epperson returned
home this morning via Oklahoma City
following a several days absence.

OKLAHOMA STATE NEWS.

Items of Interest Gleaned From Our Exchanges.

Okmulgee county will hold a fair at Beggs October 26 to 28, inclusive. The water wagon, or street sprinkler, has gone out of business at Kingfisher and the time of the County Court is being devoted almost exclusively to liquor cases.

Mulhall is a great cotton depot since the ginners declared war on the independent buyers at Crescent. Mulhall doesn't care whether her neighbor has a grand jury probe or not.

October 28 is the day fixed for breaking ground for Enid's million dollar packing plant, which is to be the king pin of its kind in the state. Labor commissioner Daugherty is to have the first spadeful of dirt.

The Apache colony at Oklahoma City—those who formerly resided in Apache town—say they are satisfied with the change. Two of its members, husband and wife, claim that by working steadily together they are making the munificent sum of \$40 a month.

Judge William Bowles is one member of the judiciary who believes in hewing strictly to the line in administering the laws as they appear on the statute books. Whether he be a gun toter or a vagabond, the offender is given the limit when the case against him is proven in Judge "Bill" Bowles' tribunal.

If Senator Gore had two good eyes he would probably have been a football star before wearing the senatorial toga. When he and Mrs. Gore and party boarded the train at Oklahoma City for Lawton the other day they found themselves marooned on a rear platform with coach door locked between them and a pleasant ride. Calls for help proving unavailing, the senator became disgusted, not angry, successfully bucked the door and triumphantly entered the coach followed by his party.

"A ZOOLOGICAL GARDEN OF CRANKS"

SAYS PRESIDENT TAFT OF THE CITIZENSHIP OF OKLAHOMA.

His Unjust Criticisms Will Cost His Party Thousands of Votes.

Guthrie, Oct. 14.—Some time ago President Taft left Washington for a grand tour including most of the states in the Union for the ostensible purpose of making clear the policies of the administration and lining up insurgent republicans.

It has been admitted by many republicans that the trip has been a series of blunders beginning with fulsome praise of Aldrich and Cannon and reading such men as Victor Murdock and Senator LaFollette out of the party.

The hint dropped by the President that it would be necessary for our currency system to be reformed by "Mr. Aldrich left a very bad taste in the mouths of the republicans of the middle west.

The hearty endorsement given the Payne tariff bill has disgusted most of the republicans who are not office seekers or politicians and who live in the great producing states of the Union, and they are uncharitable enough to point out the difference in the speeches made by Mr. Taft now and the ones he made before the last election.

So far as Oklahoma republicanism is concerned, the last blunder of the president is the most disastrous of them all. In an address delivered at Prescott, Ariz., Oct. 13th, in giving advice to the people of Arizona in regard to the formation of their constitution, the president took occasion in language that is on a parity with that used by a curb stone politician to criticize the Oklahoma constitution he said: "You take the last constitution that was made—that of Oklahoma—and it is a zoological garden of cranks." The president not only impeaches the intelligence of Oklahoma citizenship but ridicules and belittles over fifty thousand members of his own party who voted for the Oklahoma constitution.

When the president made his famous speech at Oklahoma City, it was admitted that he lost many votes to the republican party, and this fool break of his at Prescott is even more damaging than his Oklahoma effort. The president may not like our Jim Crow law; he may object to our two cent fare clause; he may not admire the idea of a corporation commission, while the taxation of corporations on an equality with individuals may give him the cramps, but it will not strengthen his party to compare those of his party, who do like these things and who voted for them, with apes, monkeys, baboons and other inmates of a zoological garden. Indeed it appears that the president must have been very short on logic and argument to have resorted to such comparisons.

Watermelon George.

George Marshall, who has been marketing melons all summer is still at it. And it looks like he is not aware of the fact that the melon season is due to be over. On show day he brought in a big load and exhibited them against Hagenbach's wild animals. Saturday he showed up with another nice load which brought nice returns. George did not raise any cotton this year, but he has made as much out of his melon crop as most farmers have out of the white staple.

So we club him "Watermelon George."

M. LEVIN RETURNS HOME.

While Absent Mingles Business With Pleasure and Buys a Car of Stoves from State.

Mr. M. Levin, pushing and prosperous furniture merchant returned from Oklahoma City and Edmond where he had been for several days on business. While in Edmond Mr. Levin purchased a carload of stoves from the state, previously used in the Edmond Central State Normal.

Steam heat has lately been installed in the Edmond college buildings. Mr. Levin was accompanied by his wife and two smaller children.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Judge Clark Lindsay of Pittsburgh, spent today in the city with his daughter, Mrs. Ollie Davidson, and meeting friends. He made a call at the News office and renewed old acquaintances with the business manager, who knew him quite well in Arkansas twenty years ago.

The demand for four and five room cottages is so great that it seems some of our citizens would "get busy" building. This would be a good thing for the 25,000 club to consider. If Ada is to reach the mark indicated by the club, there must be some place provided and there is no better time to begin than now.

Mr. W. F. McDougal, Indiana capitalist, who is reported to have saved a fortune out of the usual business man's ordinary expenditures for a living and through the boarding of the pennies, is in Ada looking after his interests. Mr. McDougal appears to be a tactful, intelligent business citizen. His Ada investments would indicate as much.

OKLAHOMA BAPTIST JOURNAL

Its Removal From Ada An Accomplished Fact—Located at Oklahoma City.

Otis B. Weaver returned home from Oklahoma City where he had been directing the establishment of the Oklahoma Baptist Journal, such publication being removed from Ada where it has been published from the office of the Daily and Weekly News since 1907.

Mr. Weaver has the assurance from Oklahoma City of substantial and sufficient financial support. While in Oklahoma City he consummated a deal whereby there was absorbed by the erst-while Ada Baptist paper, The Western Baptist Herald, previously published at Anadarko, which while not favored with one-half the subscription patronage of the Baptist Journal published out of Ada, still carried more than fifty dollars a month bonafide advertising patronage. This state Baptist organ received less than fifty dollars from Ada business interests during the more than two years continuous publication in Ada.

Oklahoma City is not too large to appreciate the removal of the State Baptist paper into its midst, which is evidenced in the fact that the Oklahoma press generally afforded prominent reference and comment on such removal and Oklahoma City business interests ready business and financial encouragement.

The city of Ada received during the Baptist Journal's publication here more favorable published advertisement abroad than from all other combined press sources. It cost Ada nothing. It cost the Ada publisher a net loss of nearly seventeen hundred dollars.

Oklahoma City advertisers and loyal Baptists throughout the state settle losses.

With Mrs. Kice.

Mrs. George Kice opened the doors of her hospitable home Friday afternoon in honor of Mrs. Dr. LeFevre.

The house was beautifully decorated with roses and golden rod. The old but ever new game of 42 was played with much enthusiasm, after which a delicious two course luncheon was served. The hostess was assisted by Mrs. LeFevre, her two charming daughters and George Kice, Jr.

This 42 party was one to be long remembered in Ada and each one went away thinking, "where could we find two more charming ladies than Mrs. Kice and Mrs. LeFevre."

Those who participated in the social affair were: Mesdames Croxton, Barney, Lasater, Hope, Mason, Hart, Duncan, Torbet, Rodarmel, Sledge, Beard, George Frierson, Charlie Frierson, Mays, Dr. King, Ebey, Galbraith, W. S. Thompson, Creveling, Whitaker, Simpson, McDonald, I. M. King, H. C. Thompson, Birles, Weaver, Wintersmith, Truitt, Hodge, Jones, LeFevre, Misses Fulton and Douglas.

A Busy Day for Ada.

The people from the country began to arrive early this morning and by 9 o'clock the streets were pretty well crowded, and by noon it seemed that nearly everybody within a radius of several miles had arrived. Wagon after wagon came in loaded with cotton, congesting the streets so badly that it has been necessary for Policeman Foster, together with an assistant, to be constantly on duty keeping the street open for passage. It is said by parties versed on the matter, that more cotton was received here up to noon today than any other day this season. The fine weather for gathering, together with the handsome price the farmers are receiving for the fleecy staple, has caused them to rush it to the market, and cotton alone is not all the farm products that is in the hands of the farmers, as corn, potatoes, melons, etc., were very much in evidence on the streets, and handsome prices were received for all.

The merchants and the large corps of assistants have been taxed to their utmost capacity endeavoring to wait upon the trade which has not abated since early in the forenoon. Ada is fast becoming the leading business point in the entire state of Oklahoma.

At the Baptist Church.

The usual services will be held at the Baptist church tomorrow. Sunday school at 9:30, sermon at 11 o'clock and at 7:30 o'clock. A cordial invitation is extended to the public to attend either or all of these services.

Methodist Conference.

The Protestant Methodists will have their annual conference here, opening next Thursday morning at 9 o'clock. It is expected that about 100 delegates will be here. Rev. Y. Coleman has charge of the arrangements and is busy arranging for accommodations for the visitors.

There will be preaching in Asbury Methodist church every night next week by the Protestant Methodists.

TONS OF DEAD FISH IN CANADIAN RIVER.

Water Wheels in Grist Mill at Spencer Clogged, Cause Commotion.

Over two tons of dead fish caused much commotion in the usually quiet village of Spencer Wednesday.

Spencer boasts a grist mill which depends on the water flow in the Canadian river for its motive power.

Tuesday the river above the dam at that point shone like the much famed "silvery brook" on account of the floating dead members of the finny tribe. Carried over the dam they were clogged in the big water wheel and operation at the mill were immediately discontinued while the employees with shovels and pick-axes dislodged the fish.

County Health Commissioner A. E. Davenport was called to the scene of activity, the fish were floating and continued on their way down the winding of the Canadian.

Many dead fish now float by daily in the Canadian and it is thought by some that they are killed by farmers along the river dynamiting. This is often done in some parts of the United States to procure the fish in large quantities, but it is against the state law of Oklahoma—Oklahoma Times.

ALF HUNTER ON TRIAL.

Law Taking Course—Trial Proceeding Orderly—No Mob Violence.

Watonga, Okla., Oct. 15.—Although the court room was crowded when the hearing of evidence against Alf Hunter, charged with the murder of Sheriff George W. Garrison, was begun Thursday there was no indication of mob violence and it is believed that the people of the community are well satisfied to allow the law to take its course.

Sheriff Harvey D. Garrison, Justice E. W. Oldfield and Deputy Fate Saunders of Arcadia had been examined up to 3 o'clock.

Saunders is one of the star witnesses. He was with Garrison in the fatal battle.

The jury is made up largely of farmers.

HAIL AND RAIN STORM REPORTED IN ATLANTA

Wire Communication Between Nashville and Memphis Cut Out.

Atlanta, Ga., Oct. 14.—With the sky overcast with a yellow glow, a fierce rain and hailstorm accompanied by a heavy wind struck Atlanta at 5:30 this afternoon, damaging plate glass, awnings and skylights. The telephone companies were put out of commission, and the telegraph companies report many wires down.

Memphis, Tenn., Oct. 14.—Both the telegraph companies and the Cumberland Telephone Company reported all wires to Nashville out of commission at 6 o'clock tonight.

Covington, Tenn., the furthest point North which could be reached, reported a heavy windstorm.

A telephone report from Stanton, Tenn., forty miles east of Memphis, states that a windstorm prevailed there, doing minor damage.

KIDNAPPED CHILDREN FOUND ALONE

STOLEN FROM THEIR PARENTS
IN ST. LOUIS MORE THAN TWO
MONTHS AGO.

Wandering Aimlessly About the City.
Too Young to Tell Story.

Chicago, Oct. 15.—Two Italian children, identified from photographs tonight as Thomasso and Grace Viviano, who were kidnapped from St. Louis, August 2, last, and who have been sought since by the police of many cities, were found early today wandering aimlessly on the north side of the city by Detectives Stephen Parodi of the Chicago police.

The children when found were sitting on a curbstone. Both were weeping, the little girl, who is less than four years old, sobbing bitterly and Thomasso, her cousin, who is seven years old, trying to comfort her.

Detective Parodi took the children in his arms and asked them where they lived. Thomasso said he did not know. Remembering the Viviano case he asked Thomasso if his name was Viviano. The boy nodded his head as if to confirm his identity. The children were taken to the north side district headquarters station. Photographs of the missing St. Louis children were produced, and Inspector O'Brien was convinced, on comparing them with the homeless foundlings, that the recovered children were the long sought victims of the St. Louis kidnapping which had taxed the ingenuity of the detectives in many cities for weeks. Thomasso, the elder of the children was asked where he and Grace, his cousin, had been since they were taken from their home in St. Louis. The children could give no intelligent answer. He did not know where he lived and could give no account of his abandonment.

At the police station it was stated that the boy appeared to be in a dazed condition and the little girl was too young to give any comprehensive statement concerning herself.

Inspector O'Brien notified the St. Louis police tonight of the recovery of the children and their parents in St. Louis also were notified and are expected here tomorrow morning to reclaim them. Meanwhile detectives are searching Italian sections of the city in an endeavor to learn who abandoned the children.

The police believe that the kidnapers had the children secreted

in a secluded section of the city and turned them loose when efforts to extract ransom had failed.

MISS STONE WILLIAMS ELOPED

The Singing Daughter of Rev. Sid Williams Marries a Drummer.

San Antonio, Tex., Sept. 30.—Rev. Sid J. Williams, Baptist missionary, received a note from C. C. Quillan, a traveling salesman, tonight at 10 o'clock, saying he had married Stone Williams, the minister's daughter, and that they will return in about two weeks. Miss Williams, who is 22 years of age, and who leads the choir in her father's services, left home this afternoon at 4 o'clock, saying she was going shopping.

Her parents were alarmed before they received the note. It came as a great surprise. They did not know the young couple intended to marry. They have no objections to the match, and said this evening they would like to find their daughter and son-in-law, that they might congratulate them.

"I stole my wife twenty-three years ago," said Rev. Mr. Williams, "and whatsoever a man soweth, so shall he reap."

AUGUST FLOWER TO BE USED FOR BROOMS

Formerly Thought Worthless Now
Being Sold for \$35 Per Ton.

Northwest Oklahoma has found a use and a market for what has formerly been regarded as a weed, worthless and a source of worry, rather than profit to the farmers. The August flower, a plant also known as the oil broom weed, which grows very bountifully over a large part of the state, is now being cut and sold to broomcorn buyers at Fairview and other points in the northwest counties for \$35 a ton. The plant is used to fill the inside of cheap grades of brooms. As soon as its yellow flower, which is said to have medicinal properties, is removed it is ready for treatment. There are now thousands of acres of it growing wild and if it proves successful as a broom fiber its cultivation will be started systematically.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O.
